

2022 Launch Youth Camp

Cell Phone Usage Policy and Release Form

Dear Parent/Guardian,

We are excited about 2022 Launch Youth Camp! It is our goal to provide a safe, fun, and life changing event. Today's technology is amazing and beneficial, but it must be used responsibly in the camp atmosphere. We recommend that **no electronic devices** be brought to Camp Utopia. However, should you allow your child to bring an electronic device (cell phone, ipod, etc...) **we will not be responsible for any lost or damaged items.**

If you choose to allow your child to bring an electronic device, please note the following:

- Cell phones must remain off from "lights out" until breakfast time.
- There are specific "No Phone Zones" in and around cabins and bath houses. Any use of phones in these areas will require the phone to be held until the end of camp.
- Phone use in allowed areas must be with permission of staff and/or counselor during approved times.
- Inappropriate text messages, pictures, or content produced on camp property will be reported and will result in the phone being confiscated!

Thank you, parents for helping us to provide a safe and encouraging atmosphere. **This form is required** in order to complete the registration process. Refusal to sign this release will mean your child forfeits their ability to use their phone according to the parameters listed above.

Name of child attending Camp Utopia: _____

Camp Week Attending (circle one): Older Teen Younger Teen Junior

Parent/Guardian signature: _____ Date: _____

Camper signature: _____ Date: _____
