UPDATE!

The Give Water Project

In Ecuador, unsafe drinking water is the second leading cause of major illness. The Give Water project combines clean drinking water with the Living Water offered by Jesus Christ to help an at-risk family to flourish both physically and spiritually in Christ.

Just \$150 provides a lifetime water filtration system for one family. Your church's partnership in sponsoring 10, 20, 50 or more filtration systems helps spark significant transformation in the health and wellbeing of the whole family and entire communities.

An offering was taken before and at our 2023 Legacy Camp Meeting to support this much-needed project. Our state goal was for Alabama to give \$150,000, which would supply 1,000 units to those in need. Today, we have had more than \$110,000 given to the project. Keep giving, Alabama! We will surpass this goal easily with your help!
